

REMARKS

Specification Amendments

In the Amendment filed on July 6, 2004, Applicant had inadvertently amended the specification to incorrectly recite that the subject application was "a continuation-in-part of U.S. Application 09/909,348 filed July 19, 2001, which claims the benefit of US Provisional Application No. 60/219,800, filed July 20, 2000".

With the present amendment, the specification has been amended to correctly recite that the subject application is a continuation-in-part of U.S. Application No. 09/904,090 filed July 12, 2001, which claims the benefit of U.S. Provisional Application No. 60/217,583, filed July 12, 2000. This amendment to the specification to correctly recite U.S. Application No. 09/904,090 and U.S. Provisional Application No. 60/217,583 as related applications is fully supported in the application as filed on January 16, 2002 (see page 1, lines 7-10 as originally presented)..

Consideration and entry of this Amendment under 37 C.F.R. § 1.312 are respectfully requested.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
